I am very thankful to the law offices of Kenneth Wilhelm for obtaining a settlement for me of a total amount of \$ 950,000 out

1 million dollar insurance policy.

I realize that my case had several difficulties and among them was that the case was pending in Westchester County which is a very difficult place for an injured person to win.

I am told that only 40% of injured people win their cases in Westchester County. I am very thankful for the law offices of Kenneth Wilhelm for doing all that they did for me.
